

DKG Lingo for Leaders

“Know Your Lingo” Game

Directions:

Choose words from the Lingo for Leaders list.

Make them into word cards.

Play the round for 5 minutes or whatever time you choose.

A DKG player places one card from the facedown word pile on her forehead for the other player to see. The player looking at the card has to give clues to their partner to guess the word. The word cannot be used as part of the clue. The team who gets the most words correct in the time limit wins the round. The winning teams can then play other teams to be the LINGO Champs!

Example:

The word is **Celebration of Life:**

The clue might be... it is a time at convention when we honor our sisters who have died during the year.

The word is **Chi State News:**

The clue might be... is the publication for DKG members in Calif. that come out quarterly.
