

PROGRAM IDEA:

EEC Focus:

- **Promoting Educational Excellence through programs and projects**
- **Changing Global Awareness through collaboration worldwide**

Title: Mystery Tour

Program Purposes: To end the year with an interesting program taking advantage of the resources in the area where our members live.

Program Summary: Basically the program consists of a morning tour in the local area that will last approximately three hours including travel time to and from the location. Our members have lunch together after the tour.

Program Set-up and Plan: Members meet at a pre-determined location and carpool to the Mystery Tour destination. Two of our past locations have included a special exhibit and talk on China at the museum located at Pilgrim Place in Claremont and a private behind-the-scenes tour of the historic Fox Theater in Pomona. Every Chapter should be able to replicate this program idea at their local library, museum, etc.

Follow-up Activity: After the Mystery Tour we have lunch at a member's home or occasionally at the location of the tour itself. Sometimes we have a short business meeting. In the past we have also used this time together for Installation of new officers or Initiation of new members not initiated in May.

Materials Needed: The only things needed are to inform members ahead of time if there is a lot of walking, etc.

Contact for further information: Contact the President of Beta Mu Chapter of Area XIII. For 2014-2016 this is Gloria Holcomb danzboots@aol.com
